

Together we can make a #ConcreteDifference

Concrete Difference

The Don Chapin Company has been in business on the Central Coast for over 40 years and have always been strong supporters of the community. Since day one, we have strived to give back to the community that we call home. The one cause that resonates with almost everyone is Cancer... It's a terrible disease that has affected so many people, so we've decided that we want to make a difference, a concrete difference!

Our Goal

Our goal is to raise \$1,000,000 or more in donations from businesses and individuals who are also committed to the fight against cancer. These donations will go to various charities dedicated to finding a cure! Help us make a concrete difference by taking part and contributing to our cause.

Pink Ready-Mix Truck

We are excited to present our brand new, brightly colored, pink ready-mix truck to help bring awareness to the cause. We hope the truck will spread awareness of cancer and to help raise money for cancer research. We are committed to making a #ConcreteDifference.

Contribution Recognition

The drum of the pink ready-mix truck will be adorned with the logos of businesses who choose to stand with us in our mission against cancer. The drum will also be adorned by names (provided by the donor) of those affected by cancer and will be proudly displayed in their honor or memory. Donate today and help us make a #ConcreteDifference.
